

# Take a Thanksgiving Prayer Turkey home!

- First color your turkey in.
- Second make your feathers
  - If you are using colored paper cut out one for each thing you are thankful for. Write what you are for on that feather and cut out the back of the turkey to tape them in.
  - If you are drawing in your feathers on the page, make one for each thing you are thankful for and write it on each one.
- Put your finished turkey near your bed or prayer space to help you remember to thank God for these things when you pray.

Take a turkey home or print them off of the NCC Children's ministries page. Make it a fun family craft for Thanksgiving!
